

We do not inherit the earth from our ancestors, we borrow it from our children.

~ Native American Proverb

Mountville Mills is committed to a sustainable future through environmental stewardship and conservation of the earth's natural resources. Our goals are to reduce the direct and indirect impact of our company by conserving resources, developing new technologies and recycling materials. With these goals, Mountville leads the floor matting industry in preserving our environment.

Conserver

Mountville uses recycled corn oil as a alternative fuel to generate steam, conserving fossil fuels.

Electronic invoicing reduces paper and mailing consumption.

In 2008, Mountville was recognized by the U.S. Department of Energy for *"demonstrating exceptional leadership by completing an energy savings assessment through the Save Energy Now Program."*

Developer

Recent developments include mats featuring a fabric top made from 100% recycled plastic bottles.

- WaterHog™ Eco Mats: 100% PET recycled face and 20% recycled rubber from tires.
- Enviro Plus Mats: 100% PET recycled face with a completely recycled rubber backing. By net weight, the mat has an 89% recycled content.
- HogHeaven™ Confetti Anti-Fatigue Mats: 95% recycled rubber top from tires.

Recycler

Mountville Mills recycles millions of pounds of materials annually.

- Rubber Products - 1.25 Million lbs.
- Man made materials, including yarns - 970,000 lbs.
- Paper Products - 200,000 lbs.

Take care of the earth and she will take care of you.
