

July 7, 2009

Mountville is pleased to offer our customers the capability of recycling all obsolete or worn out rubber backed mats. We will certify that none of the mats returned are placed in a landfill. The obsolete mats will be ground up to be used either in non-laundrable mats or used for boiler fuel. Please follow the guidelines outlined below to return mats.

#### **GUIDELINES FOR RETURNING MATS FOR RECYCLING**

1. All mats must be returned to:  
Mountville Mills, Inc.  
1729 S. Davis Road  
LaGrange, GA 30241
2. The shipment must be sent PREPAID.
  - a. Feel free to contact our Customer Service department for carrier suggestions if you do not have a preferred shipping company.
3. Mats must be reasonably clean and dry, i.e. not dripping with oil or other liquid.
4. Mats must be stacked & strapped onto a wooden pallet.
5. The pallet must be marked clearly & in large font, "Mats for Recycling."
  - a. Please include your company name, e-mail address and contact information.
6. There are no minimums for mats to be returned for recycling.
7. Mats must have rubber backing; no vinyl mats may be recycled.
